- Piping, Valves, Flanges & Fittings
- Tanks, Vessels, Exchangers & Pumps
- Boilers, Baghouses & Ductwork
- Freeze Protection & Moisture Control
- Mechanical Systems Insulation

WHY PATRIOT

Engineered In-House

Access is modeled and load-verified in our own scaffold design system — proven on paper before it's proven on site.

One Self-Performing Team

Scaffolding and insulation under one roof: one mobilization, one safety standard, one point of accountability.

Built for Turnarounds

24/7 mobilization with company-owned material for outages, turnarounds, and capital projects that can't slip.
